## **“The Little IRA That Could”**

Many people think that they don't have enough money to get started with self-directed retirement accounts. Entrust Retirement Services, Inc. believes that as long as you have the education and information, you have all the money you need to get started. In this case study class we show you how you can take \$1000 and with knowledge, education and information you can grow that \$1000 to over \$119,000 in three years. We use actual client examples in this informative educational class. It is never too late to start taking control of your retirement, so don't miss this opportunity to see what others have done and, hopefully, provide examples and gain ideas for yourself on how you can grow your retirement account.

## **“Account Opening & Steps To Purchasing Real Estate, Notes, and Private Stock within your IRA”**

The first part of this class will be a walk through of opening your account. If you questions about the application or want help filling out the paperwork to transfer your IRA to Entrust you don't want to miss this class. The second part of this class will teach you how to properly vest your real estate contract, loans, private placements and any other investments that you are going to purchase and learn what forms are needed to purchase an asset, how to pay for a bill or invoice, and how to change information on your account to make sure you and your IRA are protected.
